

FUDA EMPIRICAL EVALUATION

Development Experience Questionnaire (Used Templates)

NOTE: This is a fillable PDF file. If you are not using a PDF writer, please make sure to print this file to a PS or PDF file to not lose the information.

Name: S9 Date: Aug 29th 2008

Concept: JFace – Context Menu JFace – Content Assist
 Eclipse – Navigate Eclipse – Table Viewer

Q.1: Were you able to implement the concept successfully? Yes No

Q.2: How much time did you spend on the concept's implementation? 10min

Q.3: If not successful to implement the concept, what was the main reason in your opinion?

Lack of experience.

Not a useful template.

Not useful sample applications.

Complexity of the concept.

Other. Please specify: _____

Q.4: Did you refer to the example applications' source code to implement the concept?

No. None of them.

Yes. One of them.

Yes. Both of them.

Please specify: KTreeMap

Q.4.1: If yes, for what program statements and what kind of information?

Used FRL traceability to locate the code needed for navigation functionality

Q.5: Overall, did you find the templates useful? If yes, in what way? If not, why?

They were helpful, but I think this example was too minimal to see the full advantage of it.

Q.6: Do you think that the format and structure of the templates are OK? If not, what are the main issues?

I think they were okay.

Q.7: What kinds of information do you think are missing in the templates?

Again, this example was too easy perhaps, so I might get more expectations if I faced a more complicated task.

Q.8: Overall, in the range of 1-5, how do you rank the provided template in terms of usefulness to implement the concept?

1 = Not
Useful

2

3

4

5 =
Excellent

Q.9: Do you have any additional comments on this experiment?

Additional Space:
