

FUDA EMPIRICAL EVALUATION

Development Experience Questionnaire (Used Templates)

NOTE: This is a fillable PDF file. If you are not using a PDF writer, please make sure to print this file to a PS or PDF file to not lose the information.

Name: S18 Date: 2/11/2010

Concept: JFace – Context Menu JFace – Content Assist
 Eclipse – Navigate Eclipse – Table Viewer

Q.1: Were you able to implement the concept successfully? Yes No

Q.2: How much time did you spend on the concept's implementation? 1:15

Q.3: If not successful to implement the concept, what was the main reason in your opinion?

- Lack of experience.
- Not a useful template.
- Not useful sample applications.
- Complexity of the concept.
- Other. Please specify: _____

Q.4: Did you refer to the example applications' source code to implement the concept?

No. None of them. Yes. One of them. Yes. Both of them.

Please specify: _____

Q.4.1: If yes, for what program statements and what kind of information?

Mainly to check the passed arguments, where and how they are initialized

Q.5: Overall, did you find the templates useful? If yes, in what way? If not, why?

Yes, It was useful. I like the idea of seeing the trace of function calls and specially the ability to find the exact place of the line in the sample projects by the ID.

Q.6: Do you think that the format and structure of the templates are OK? If not, what are the main issues?

At the beginning they are a little confusing.

Q.7: What kinds of information do you think are missing in the templates?

It would be nice to have some relations between the classes and interfaces.

Q.8: Overall, in the range of 1-5, how do you rank the provided template in terms of usefulness to implement the concept?

1 = Not
Useful

2

3

4

5 =
Excellent

Q.9: Do you have any additional comments on this experiment?

Additional Space:
