

# FUDA EMPIRICAL EVALUATION

## Development Experience Questionnaire (Used Templates)

**NOTE: This is a fillable PDF file. If you are not using a PDF writer, please make sure to print this file to a PS or PDF file to not lose the information.**

Name: S23 Date: October 29 2010

Concept:  JFace – Context Menu  JFace – Content Assist  
 Eclipse – Navigate  Eclipse – Table Viewer

**Q.1:** Were you able to implement the concept successfully?  Yes  No

**Q.2:** How much time did you spend on the concept's implementation? 40 minutes

**Q.3:** If not successful to implement the concept, what was the main reason in your opinion?

Lack of experience.

Not a useful template.

Not useful sample applications.

Complexity of the concept.

Other. Please specify: \_\_\_\_\_

**Q.4:** Did you refer to the example applications' source code to implement the concept?

No. None of them.

Yes. One of them.

Yes. Both of them.

Please specify: org.eclipse.ant.ui

**Q.4.1:** If yes, for what program statements and what kind of information?

`createContextMenu` and `fillContextMenu` in class `antViewer`

**Q.5:** Overall, did you find the templates useful? If yes, in what way? If not, why?

Not useful, because in practice what I did is that I copied the methods of the class antViewer and I adapted them.

I used the template only one time to go and search the methods createContextMenu in AntViewer.

**Q.6:** Do you think that the format and structure of the templates are OK? If not, what are the main issues?

The someClass and someMethod parts are not really useful, will be better to have an hint about the location of these methods.

**Q.7:** What kinds of information do you think are missing in the templates?

See above

**Q.8:** Overall, in the range of 1-5, how do you rank the provided template in terms of usefulness to implement the concept?

1 = Not Useful

2

3

4

5 = Excellent

**Q.9:** Do you have any additional comments on this experiment?

Additional Space:
