

# FUDA EMPIRICAL EVALUATION

## Development Experience Questionnaire (Used Templates)

**NOTE: This is a fillable PDF file. If you are not using a PDF writer, please make sure to print this file to a PS or PDF file to not lose the information.**

Name: S26 Date: Nov. 3, 2010

Concept:  JFace – Context Menu  JFace – Content Assist  
 Eclipse – Navigate  Eclipse – Table Viewer

**Q.1:** Were you able to implement the concept successfully?  Yes  No

**Q.2:** How much time did you spend on the concept's implementation? 18 min

**Q.3:** If not successful to implement the concept, what was the main reason in your opinion?

Lack of experience.

Not a useful template.

Not useful sample applications.

Complexity of the concept.

Other. Please specify: \_\_\_\_\_

**Q.4:** Did you refer to the example applications' source code to implement the concept?

No. None of them.

Yes. One of them.

Yes. Both of them.

Please specify: ant.ui

**Q.4.1:** If yes, for what program statements and what kind of information?

when I couldn't get the template code to work on the first try, I chose to look at one of the example application to compare the example application code to the code from the template to make sure my implementation was not missing anything

**Q.5:** Overall, did you find the templates useful? If yes, in what way? If not, why?  
Yes, it led me to the relevant parts of the sample codes.

**Q.6:** Do you think that the format and structure of the templates are OK? If not, what are the main issues?

It is OK.

**Q.7:** What kinds of information do you think are missing in the templates?

A graphical user interface to see the correspondence among the instructions in the template and the sample applications.

**Q.8:** Overall, in the range of 1-5, how do you rank the provided template in terms of usefulness to implement the concept?

1 = Not Useful

2

3

4

5 = Excellent

**Q.9:** Do you have any additional comments on this experiment?

No
